and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Its bad enough when a place like cingluar dont give you service because you arent in thier "point" scale. Plus paying the deposit to have one of thier phones. Thats why I like the tracfone. No hassles, no monthly fees, ect. The prices are fair and reasonable on thier cards. What would not be fair would be to ADD more money to the service hence making us pay even more.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Christopher Imhoff
